Implementing the AWS Standard Nestlé Sheikhpura

3rd September, 2020 Pakistan.

Caring for Water is embedded in Nestlé's purpose

We strive to make products in a way that respects the environment around us. We ensure we use resources carefully, **stewarding them for future generations**. This is especially true for **water**.

The ambition of our *Caring for Water* initiative is **together, we steward water resources for future generations**.

Caring for water is a key part of achieving our ambition to strive for zero environmental impact in our operations.
